

INSTITUTE OF AERONAUTICAL ENGINEERING

(Autonomous)

DUNDIGAL – 500 043, HYDERABAD

#HackWithInfy will not only provide you the perfect stepping stone to explore your passion for programming, but also a chance to compete with other contestants and win cash prizes worth INR 350,000 and an opportunity to get a pre-placement interview at Infosys.

We promise you an enriching and fulfilling learning experience at [#HackWithInfy](#). Instructions and rules for Round 1 are given below - please ensure you adhere to the guidelines.

Instructions for Round 1

- Round 1 will be an individual challenge of 3 hours, containing 3 problem statements to be solved within the time frame.
- You will receive an email from **HackerRank** on your registered email address by **Friday, July 6, 2018**.
- Please follow the instructions provided in the email and access the provided link for the test.
- (If you do not receive the email from HackerRank by tomorrow end of day, or if you are not able to access the participation link, please ask your placement officer to inform the regional recruiter immediately with your registration details.)
- The test will be accessible on the given link from 10 AM, Monday, July 9, 2018.
- Follow the instructions carefully when you access the link to participate in the online test on Monday, July 9, 2018.
- Kindly ensure you are connected to a stable Internet connection from the time you log in till you complete the challenge.
- While you can take the challenge from anywhere, we have requested your college authorities to provide you a lab with stable Internet connectivity to make it convenient for you to take the challenge. We recommend you to check with your institution and avail the opportunity.
- You can test your hacking skills and practice simple challenges at [Solve Me First](#).

INSTITUTE OF AERONAUTICAL ENGINEERING

(Autonomous)

DUNDIGAL – 500 043, HYDERABAD

Rules for Round 1

- Browser requirements for the test: Please use either Google Chrome (latest or version 56) or Firefox (latest or version 51).
- All submissions are run through a plagiarism detector. In case of code plagiarism, both contestants will be disqualified from the contest.
- Round 1 will begin at 10 AM on Monday, July 9. Log in on the provided link and finish the challenge in 180 minutes.
- You can begin the test anytime between 10 AM - 11 AM.
- Each participant will get 180 minutes from the time he/she begins taking the test. For example, if you start the test at 10:30 AM, you will be required to complete it by 1:30 PM.
- Any participant found using any unfair means at any stage will be instantly disqualified.
- Should you face any platform issues during the challenge, please call our **HackerRank helpline+91-8880-811-222** or write to us at hackwithinfy@hackerrank.com.

Scoring

- Each question has a pre-determined score. A participant's final score will depend on the number of test cases his/her code submission successfully passes.
